

**CALL FOR ANNUAL GENERAL MEETING
ELECTROMAGNETIC GEOSERVICES ASA**

To the shareholders of Electromagnetic Geoservices ASA:

Notice is hereby given of an Annual General Meeting of Electromagnetic Geoservices ASA (the "Company") in the Company's offices on the 7th floor of Dronning Mauds gt 15, 0250 Oslo to be held on

Tuesday 25 April 2017 at 10:00

The Annual General Meeting will be opened by the Chairman of the Board of Directors.

Agenda:

- 1 Election of a chairperson of the meeting and one person to co-sign the minutes**
- 2 Approval of the notice and agenda**
- 3 Approval of the 2016 annual accounts and 2016 directors' report**

EMGS annual report for 2016, which includes the 2016 annual accounts and 2016 directors' report, can be downloaded from the Company's website or may be obtained by contacting the Company as set out above.

The Board recommends that the Annual General Meeting passes the following resolution:

The annual accounts and directors' report for 2016 are approved.

- 4 Statement on the determination of salaries and other remuneration for leading personnel**

In accordance with section 6-16a of the Norwegian Public Limited Liability Companies Act, the Board of Directors has issued a statement on the principles for remuneration for senior executives of the Company. The statement is included in the Company's annual report for 2016, which can be downloaded from the Company's website, or may be obtained by contacting the Company, as set out above.

Proposed resolution:

The general meeting endorses the statement of the Board pursuant to section 6-16a of the Norwegian Public Limited Liability Companies Act regarding remuneration for senior management.

The guidelines in the Board statement for remuneration related to the shares or the development of the share price of the Company is approved.

5 Corporate governance statement

In accordance with section 3-3b of the Norwegian Accounting Act, the Board has prepared a statement on its principles and practice for corporate governance in the Company. The statement is included in the annual report for 2016, which can be downloaded from the Company's website, or may be obtained by contacting the Company, as set out above.

It follows from section 5-6 (4) of the Norwegian Public Limited Liability Companies Act that the corporate governance statement shall be dealt with, but the statement is not subject to the approval of the Annual General Meeting. The corporate governance statement will therefore be presented at the Annual General Meeting as a non-voting item.

6 Auditor's fees for 2016

It is proposed that the annual auditor's fees for the Company totalling NOK 1,200,000 (approximately USD 150,000) for 2016 are approved.

Proposed resolution:

The Annual General Meeting approves the annual auditor's fees for 2016.

7 Reduction in share capital and new par value

As of the date of this Notice, the price for the Company's share is NOK 5.35 and the par value of each share is NOK 10. Since Norwegian law prevents the Company from issuing new shares at a price below their par value, the present par value effectively prevents the Company from carrying out share issues.

Given the proposal for the rights issue described below, the Board of EMGS resolved on 29 March 2017 to recommend a reduction of the par value of the shares by reducing the Company's share capital.

It is suggested that the share capital is reduced by NOK 295,147,251 to NOK 32,794,139 and that the par value of each share is reduced from NOK 10 to NOK 1 per share. The number of outstanding shares will remain the same.

The Board proposes that the Annual General Meeting passes the following resolution:

- (1) The Company's share capital shall be reduced by NOK 295,147,251 251 to NOK 32,794,139 through a reduction of the nominal value of the Company's shares from NOK 10 to NOK 1.*
- (2) The reduction amount shall be allocated to reserves to be used in accordance with the resolution of the annual general meeting.*
- (3) Section 4 of the articles of association shall be amended to reflect the share capital and the nominal value of the shares after the share capital reduction.*

8 Approval of fully underwritten rights issue

Reference is made to the stock exchange release dated 29 March 2017. As part of the refinancing of the Company, the Board of Directors proposes that the shareholders approve a fully underwritten rights issue of new shares. The rights issue will (subject to any delays) be directed towards existing shareholders as of end of Monday 19 June 2017 as registered with the VPS on 21 June 2017, and who are not resident in a jurisdiction where such offering would be unlawful, or would (in jurisdictions other than Norway) require any prospectus filing, registration or similar action ("Eligible Shareholders"). Tradable subscription rights will be issued to Eligible Shareholders and such subscription rights will be listed on Oslo Børs under a separate ISIN. The proposed rights issue will have gross proceeds in the range of the NOK equivalent of USD 17 million.

The subscription price for the new shares and the number of new shares to be issued will be determined by the Board of Directors before the start of the subscription period. The Board (represented by only the Board members who are independent of the underwriters) shall set the Subscription Price in the interval between NOK 2 and NOK 10 per share based on market practice .

Shareholders are warned that an investment in the Company is associated with inherent risks, including the risks of losing the investment in its entirety. For developments after the date of the last balance sheet date, reference is made to the Company's quarterly reports at http://www.emgs.com/quarterly_reports/.

The last annual accounts, annual report and auditor report is available at the Company's office address at Stiklestadveien 1, 7041 Trondheim, and at www.emgs.com.

The implementation of the proposed resolution is subject to the completion of the share capital reduction set out in item 7 above.

The Board of Directors proposes the following resolution:

- 1) *The share capital shall be increased by a minimum of NOK 11,900,000 and a maximum of NOK 80,750,000, by issue of minimum 11,900,000 and maximum 80,750,000 new shares, each having a face value of NOK 1 (the "New Shares").*
- 2) *The Board of Directors may decide the subscription price for the new shares within a range of a minimum of NOK 2 per share and a maximum of NOK 10 per shares (the "Subscription Price"). The Board of Directors shall select the Subscription Price based on market practice, taking into account the dilution by the actual number of New Shares*
- 3) *Shareholders as of end of 19 June 2017 as registered with the VPS on 21 June 2017 (the "Record Date"), and who lawfully may receive subscription rights and New Shares without the Company having to file for registration pursuant to local laws and regulations ("Eligible Shareholders") will receive preferential rights to subscribe for and be allotted the New Shares in proportion to their registered holdings of shares in the Company as of the Record Date. Transferable subscription rights will be issued to Eligible Shareholders. In case of any delay in the registration of the completion of the share capital reduction or in the approval of the prospectus required in connection with the rights issue, these dates will be delayed accordingly as the Board of Directors may decide.*
- 4) *The New Shares must be subscribed from 22 June 2017 and no later than 6 July 2017 (the "Subscription Period"). In case of any delay in the registration of the completion of the share capital reduction or in the approval of the prospectus required in connection with the rights issue, these dates will be delayed accordingly as the Board of Directors may decide.*
- 5) *The issue of the New Shares is underwritten by Siem Investments Inc., Perestroika AS, and RWC European Focus Master Inc (the "Underwriters"). The underwriting is regulated by underwriting agreements entered into between the Company and the respective Underwriters on or about 29 March 2017 (the "Underwriting Agreements"). According to the Underwriting Agreements, each of the Underwriters have, severally, and not jointly, and on a pro rata basis and up to the maximum amount undertaken by each of them, undertaken to subscribe for the New Shares not subscribed for during the Subscription Period. The underwriting obligation of each Underwriter does not include a guarantee for the payment by any subscriber or any other Underwriter of their subscription amount in the Rights Issue. The Underwriters will receive a guarantee commission of 1.5% of their guaranteed amount, subject to completion of the Rights*

Issue. Each Underwriter's obligation will be reduced on a share for share basis with the number of New Shares subscribed for in the Rights Issue and allocated to it.

- 6) Subscription of New Shares without Subscription Rights is not allowed. Holders of Subscription Rights may subscribe for a number of New Shares which exceeds the number of Subscription Rights held.*
- 7) If not all Subscription Rights are validly exercised in the Subscription Period, subscribers having exercised their Subscription Rights and who have over-subscribed will have the right to be allocated remaining New Shares on a pro rata basis based on the number of subscription rights exercised by the subscriber. In the event that pro rata allocation is not possible, the Company will determine the allocation by lot drawing.*
- 8) Any remaining new shares not allocated pursuant to the criteria set out in section (7) above will be subscribed by and allocated to the Underwriters to the extent the Underwriters have not fulfilled their underwriting obligations through subscription for shares in the Subscription Period, based on and in accordance with their respective underwriting obligations.*
- 9) Payment for New Shares shall take place no later than 10 July 2017 to the Company's share issue account no. 1503.27.95967. In case of any delay in the registration of the completion of the share capital reduction or in the approval of the prospectus required in connection with the rights issue, this date will be delayed accordingly as the Board of Directors may decide.*
- 10) The New Shares entitle the holder to dividend as from the time of registration with the Norwegian Register of Business Enterprises.*
- 11) The estimated fees for the Company associated with the rights issue, including the underwriting commission, is approximately NOK 3.2 million.*
- 12) Section 4 of the articles of association shall be amended so as to reflect the share capital and the number of shares after the share capital reduction.*

9 Board authorization to issue new shares

The Board of Directors proposes to, in principle, renew the authorizations to issue new shares that were granted at the Annual General Meeting in 2016.

In compliance with the principles of corporate governance, the Board of Directors proposes to continue the policy of having two separate authorizations:

- a) One authorization which i.a. can be used in relation to potential transactions and/or to finance general corporate purposes; and
- b) One authorization solely linked to the issuance of new shares in connection with the Company's share option program.

The Board is of the opinion that the general authorization is necessary to provide flexibility in terms of potential acquisitions and other corporate transactions and settlements thereof, and therefore, is in the best interest of the Company and its shareholders. It is further proposed to authorize the Board to waive existing shareholders' preemptive rights in order to allow the possibility for new shareholders subscribing shares provided that this is deemed by the Board to be in the best interest of the Company and its shareholders.

The general authorization is proposed to authorize an increase of up to 10% of the share capital after (i) the capital decrease in item 7 above and the (ii) capital issue in item 8 above.

9.1 Board authorization – transactions and general corporate purposes

Based on the above, the Board recommends that the Annual General Meeting passes the following resolution:

The Board is granted authorization to increase the share capital by up to NOK 32,794,136 being 10% of the registered share capital on the date hereof, through one or more share capital increases with the, at any given time, registered share capital. When the reduction of the share capital whereby the nominal value of the shares is reduced from NOK 10 to NOK 1, the size of the authorization will be reduced to NOK 3,279,413.80 When the capital increase referred to in 8 above has been performed, the authorisation shall be NOK 7,000,000 but maximum 10% of the share capital after the rights issue.

The Board is authorized to determine the price and terms of such share capital increases.

The existing shareholders' pre-emptive rights to subscribe for new shares may be set aside.

The authorization includes resolution to issue new shares in connection with mergers and acquisitions, whereunder to increase the share capital against contributions in assets other than cash.

The authorization may be utilized to raise financing or issue consideration shares in connection with potential acquisitions of

companies or businesses within the oil and energy sector, including the oil service sector, and/or to finance general corporate purposes.

The authorization shall be effective from the date it is registered in the Norwegian Register of Business Enterprises and shall be valid until the annual general meeting in 2018, but in any event no later than 30 June 2018.

9.2 Board authorization – employee option program

Based on the above, the Board recommends that the Annual General Meeting passes the following resolution:

The Board is granted authorization to increase the share capital by up to 4,025,990 through the issue of up to 402,599 new shares through one or more share capital increases. The Board is authorized to determine the price and terms of such share capital increases. When the reduction of the share capital whereby the nominal value of the shares is reduced from NOK 10 to NOK 1, the size of the authorization will be reduced to NOK 402,599 through the issuance of 402,599 shares.

The existing shareholders' pre-emptive rights to subscribe for new shares may be set aside.

This authorization shall only be utilized for fulfilling the Company's obligations towards holders of options, should such options be exercised.

The authorization shall be effective from the date it is registered in the Norwegian Register of Business Enterprises and shall be valid until the annual general meeting in 2018, but in any event no later than 30 June 2018.

10 Employee option program

The Company operates a share option scheme for management and staff to provide a long term incentive ("Employee Option Program"). The Board proposes that the Annual General Meeting approves a maximum number of options which can be granted over the period from the Annual General Meeting in 2017 to the Annual General Meeting in 2019. The purpose of the proposal is to create a maximum threshold for dilution of the shareholders following from the Employee Option Program. The vesting period for the Employee Option Agreement shall start 12 months or more after award with vesting of maximum 25% on each of the four anniversaries following the option grant date. The Board suggests that vesting is made subject to a target defined by the Board on the option grant.

The proposal means that during the period from the Annual General Meeting in 2017 until the Annual General Meeting in 2019, the Board may grant options to employees providing that the maximum number of options in the Employee Option Program do not exceed 7,5% of the registered number shares in the Company when granted.

The maximum outstanding options shall not at any time exceed 7.5% of the registered number of shares in the Company. As at today's date, there are 402,599 options outstanding in total (of which 144,900 are vested).

Proposed resolution:

During the period from the Annual General Meeting in 2017 to the Annual General Meeting in 2019, the Board may grant options in an amount which, together with the outstanding option never exceed 7,5% of the registered number of shares in the Company in the aggregate under the Employee Option Program. The maximum outstanding options shall not at any time exceed 7.5% of the registered number of shares in the Company. When options are cancelled (e.g. because an employee leaves the Company), such options shall be considered cancelled also in relation to the number of options the Board of Directors is authorized to issue, thereby allowing the Board of Directors to re-issue such options. The Board of Directors is delegated the authority to issue options where the vesting starts minimum 12 months after grant date and is subject to a target defined by the Board of Directors on the grant date with a maximum of 25% vesting on each anniversary of the grant date.

11 Re-election of current directors

The service period for two of the current directors expires in 2017.

To be in compliance with the principles for corporate governance, it is proposed to cast votes separately for each candidate.

The Nomination Committee proposes that the following are elected as the shareholder elected members of the Board of Directors for the periods set out opposite their names:

Item 11.1:	Eystein Eriksrud - Chairman	Two years
Item 11.2:	Anne Øian – Director	Two years

In addition, the Board will consist of two employee elected representatives with deputies after this Annual General Meeting.
